

Summer 2022 Internship Program

Are you interested in working with *Tribal governments and enterprises*?
Learning *project management skills*?
Or making a difference in *Tribal communities*?

If you answered "yes" to any of the questions above, this program may be a perfect fit!

Blue Stone Strategy Partners is a Native-owned advisory firm that works exclusively with American Indian Tribes across the United States on projects ranging from strategic planning, economic development (feasibility studies and implementation for hemp, casinos, c-stores, and other Tribal enterprises), governance, healthcare, human resources, organizational reviews, and housing. During our Summer Internship, interns will work with Blue Stone mentors and project managers to conduct rigorous research and analysis for assigned projects. Individual tasks and assignments will vary and will be project-specific supporting an active Blue Stone project.
