I have a call into our guy Steve Griles, the Deputy Secretary and his assistant has a memo on the situation, but since he was just approved on Thursday finally, he is running around like a chicken without his head. Just so I am clear when he and I do hook up, what is our full wish list from them at this point other than to inform him of the situation on the ground and the need, possibly, to get some positive signals from Norton to the Governor? Just want to make sure I make all the asks we need.

Have you had the opportunity to meet w/ Interior regarding the status of the compact, with expiration Tuesday at midnight?
